INTERESTED IN HAWAII FISHING

Writes to H. G. Field for Information; Many Anglers From Mainland Coming Here

M. H. Arends, editor of the Rod and Gun column of the St. Augustine. Florida, Record, writes to H. Gooding Field asking the secretary of the Hawaii Tuna Club to send information on game fishing here to the Record for publication in the rod and gun columns.

Aren-is' attention was first called to the game fishing of Hawaii by an article in the Star-Bulletin, and in his letter to Field Arends stated that he was immediately interested in the possibilities of the fishing here and would be pleased to publish any articles on the game fishing in Hawaii for the benefit of Florida anglers. Hawaii Known Around World.

Field, who is now on Mani, writes that he is receiving letters from all parts of the mainland and England asking for information on game fishing. With the attention given the game fishing subject by Field and the new issue of 30,000 folders it is expected that there will be more anglers here this year than ever before in the history of game fishing in Hawaii,

Field is now perfecting arrangements for a clubhouse at Kihei, in the center of the celebrated Molokini game-fishing grounds, and will have adequate boating facilities to meet the rush which is expected from Los Angeles and Catalina in November: Residents of Maui are working with the secretary to arrange permanent plans for establishing Hawaii as the real fishing center of the world.
